Greetings in the mighty name of Jesus. It is a privilege to be a small part of what God is doing in the world today. Southern Africa is experiencing revival; for which we are very grateful. Through your support and generosity, we have been able to travel to many of the regions where we have pastors and their respective works. These good men need your prayers for the endeavors they are undertaking. Each of their situations is very unique and requires much wisdom and grace for the truth they have received to now be imparted to their respective churches.

The country of Malawi has been experiencing revival and heartache. The pastors and their churches continue to grow spiritually and numerically. However, a recent cyclone has impacted the southern region. Many there have been weeks without basic necessities such as water and electricity. Worse yet, sickness and disease are spreading through the encampments. Please pray that God will sustain them during this tragic time.

Botswana is also hungry for the things of God. In a recent meeting, a number of pastors were on their faces before God around an altar. God also opened a door for us to speak to a large group (800+) Sr High boys at a school event while we were there. We just never know what God has on His mind when we go to these different countries.

Lusaka, the capital city of Zambia, has over 3 million people. Earlier this month we held a conference and 300 pastors from the surrounding areas attended. Many of these men are very connected to other affiliations and religious groups. They are requesting that we bring these Apostolic teachings to their respective groups throughout Africa.

The Harvest is Plenteous!!! God, send laborers.
