

AFRICA MISSIONS

STEWART FAMILY

MAY 2024

Greetings in the mighty name of Jesus. When looking at King David's valiant exploits, many times he wisely inquired of the Lord asking "Shall I go?" What confidence it brings when we hear the Lord respond in the affirmative! 2024 has been a tremendous year of "Go" for southern Africa.

In March, Elder and Sister Rigger came for an extended time here in South Africa. We hosted three conferences in the span of two weeks. The first was in the northwest and was the result of the conference we had in Johannesburg in 2023. The second was in the country of Eswatini where we have a great representation of good men laboring. Finally, we hosted the last one in Johannesburg at the site of our new headquarters location. From those meetings over 50 people responded to the gospel and were baptized in the name of Jesus.

During one meeting a political leader who had a hearing problem came up to the window outside of the meeting hall so that he could better hear. God responded to his hunger and caused a large tumor to fall out of his ear while he was listening and healed him instantly. God is still sending His Word to heal!

The Harvest is Plenteous!!! God, send laborers.

God Bless,
The Stewart Family

Africa was privileged to have Evangelist Rusty Stephenson and his wife Sister Chelsea from Tulsa, OK here with us in South Africa. God used them mightily and each of the churches they ministered in were strengthened. The office of an evangelist is vital in the mission field and we are grateful they came and blessed the work here.

The search for a new headquarters property in Johannesburg has been underway for two years. We are excited to announce that the purchase of our new facility is complete. This is a tremendous milestone for the work here and would not be possible without you!

Our labors here necessitate a permanent residence status. We have been working diligently through a local firm to get approval for our family. This process has been fraught with delays due to numerous reasons outside of our control. Please pray for our residency applications.
